The Department of Veterans Affairs (VA) is pleased to announce a pilot loan guarantee program for multifamily transitional housing dedicated to serving homeless and formerly homeless veterans.

During the initial pilot phase of this program, VA will provide a 100 percent guarantee on up to fifteen mortgage loans funded by the Federal Finance Bank, an arm of the US Treasury, to be used for the development, rehabilitation or acquisition of transitional multifamily housing with the provision of supportive services

With as many as 200,000 homeless veterans across the nation there is both a need and a duty to provide for those who have given so much. It is VA's hope that through the concerted efforts of this program in conjunction with both public and private partnerships, the needs of homeless veterans will be met.
